

# Project Implementation and Final Report

## 1. Introduction

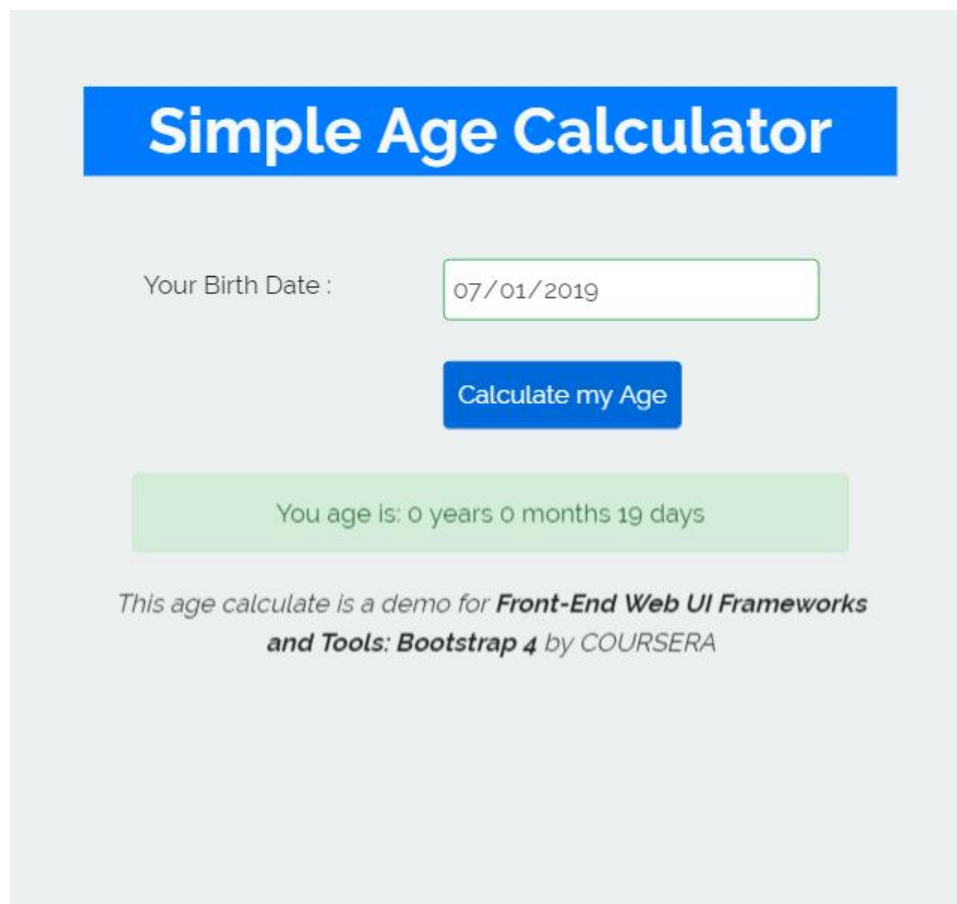

This website will calculate a person or anything age.

## 2. Design and Implementation

This UI or Prototype is very simple. Just enter your birth date and click “Calculate my Age” button. It’s simple! It will show you your age with years, months and days.

The image shows a web form titled "Simple Age Calculator" in a blue header. Below the header, there is a label "Your Birth Date :" followed by a text input field containing "07/01/2019". Below the input field is a blue button labeled "Calculate my Age". Below the button is a light green box containing the text "You age is: 0 years 0 months 19 days". At the bottom of the form, there is a footer text: "This age calculate is a demo for **Front-End Web UI Frameworks and Tools: Bootstrap 4** by COURSERA".
